

How to Play the Triangle Board Game

Your goal in playing the Triangle Board Game is to figure out a pattern of golf tee jumping that leaves the fewest number of golf tees on the triangular board.

The game board has 15 holes. At the start of the game, each hole except one contains one golf tee. You choose which hole is the empty one.

The game is played by jumping a golf tee into a hole on the other side and removing the golf tee that you jumped. Continue jumping the golf tees to remove as many as possible from the board. Have fun!
